This game is really bad. There are a lot of bugs, eg. the mouse leaves the fullscreen and goes to the second monitor. You can't save, and the autosave system is bad and buggy. etc. etc....
DO NOT BUY THIS GAME (NOT EVEN FOR 3\$)

PS: if you decide to buy it anyway - don't forget you can refund it (when played less than 2 hr).. As basic as basic can get, and not in a good way. Poor Animation, Graphics, Controls and Gun Mechanics. Just a total waste of time. These developers have released 16 games in the last 45 days. Just goes to show you how pathetic it is.
